T&T HOME FOR BOYS GROUP HOME CONTRACT COMPLIANCE REVIEW

The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) conducted a Contract Compliance Review of T&T Home for Boys Group Home (the Group Home) in December 2015. The Group Home has one licensed site located in the Second Supervisorial District and provides services to the County of Los Angeles DCFS placed children and Probation foster youth. According to the Group Home's Program Statement, its stated purpose is to "provide comprehensive, behavior and health services to its adolescent males who experience emotional disturbance, physical abuse, poor social adjustment, behavioral problems and learning disabilities."

The Group Home is licensed to serve a capacity of six male children, ages 12 through 17. At the time of the review, the Group Home served five DCFS placed children. The children's average length of placement was seven months and their average age was 16.

SUMMARY

During CAD's Contract Compliance Review, the interviewed children generally reported: feeling safe at the Group Home; having been provided with good care and appropriate services; being comfortable in their environment; and being treated with respect and dignity.

The Group Home was in full compliance with 8 of 10 areas of our Contract Compliance Review: Licensure and Contract Requirements; Facility and Environment; Maintenance of Required Documentation and Service Delivery; Education and Workforce Readiness; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Discharged Children; and Personnel Records.

CAD noted deficiencies in the areas of: Health and Medical Needs, related to children not receiving follow-up medical examinations; and Personal Needs/Survival and Economic Well-Being, related to children not being provided the minimum monetary allowance.

**T&T HOME FOR BOYS GROUP HOME
CONTRACT COMPLIANCE REVIEW
FISCAL YEAR 2015-2016**

SCOPE OF REVIEW

The following report is based on a "point in time" review. This compliance report addresses findings noted during the December 2015 review. The purpose of this review was to assess T&T Home for Boys Group Home's (the Group Home's) compliance with its County contract and State regulations and included a review of the Group Home's Program Statement, as well as internal administrative policies and procedures. The review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Education and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social/Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, four placed children were selected for the sample. The Contracts Administration Division (CAD) interviewed each child and reviewed their case files to assess the care and services they received. Additionally, three discharged children's files were reviewed to assess the Group Home's compliance with permanency efforts. At the time of the review, no children were prescribed psychotropic medication.

CAD reviewed three staff files for compliance with Title 22 Regulations and County contract requirements. A site visit was conducted to assess the quality of care and supervision provided to the placed children.

CONTRACTUAL COMPLIANCE

CAD found the following two areas out of compliance:

Health and Medical Needs

- Follow-up medical exams were not conducted.

Two placed children did not receive follow-up medical exams. The physician recommended vaccination for one child and a physical examination for the second child. The physician noted that both children were healthy at the time of the medical visits when the recommendations were made.

During the exit conference, the Group Home representative reported that the children did not receive the recommended medical exams because these recommendations were made prior to the children's placement in the Group Home. However, the Group Home was not able to provide any documentation to support this statement.

Recommendation:

The Group Home's management shall ensure that:

1. Follow-up medical examinations are conducted timely.

Personal Needs/Survival and Economic Well-Being

- Children did not receive the minimum monetary allowance.

Three placed children did not receive the minimum monetary allowance for several weeks.

During the review, the Group Home representatives acknowledged this deficiency and stated that the Group Home will ensure that these children are reimbursed and that going forward, all children will receive the minimum monetary allowance accordingly. The Group Home has since provided documentation to verify the same.

Recommendation:

The Group Home's management shall ensure that:

2. Children receive the minimum monetary allowance.
